Allowable Subject Matter

Claims 50 and 54 are allowed.

The following is an examiner's statement of reasons for allowance for Claims 50 and 54: The best prior art of record, *Belcsak* neither discloses nor fairly suggests the limitations of 1) generating financial statements, financial data, charts, graphs and reports using the project finance tools providing limited recourse including debt service reserve accounts, stand-by loans and risk sharing with suppliers and of-takers in a computer and 2) generating a loan disbursement time series and independent of changes in capital expenditures and exchange rates based on an earlier automatically generated disbursement time series.

No secondary reference was found which would fairly combine with *Belcsak* to make the claimed invention.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
